

Authorised Trainer

Yu-Ming Chen

- Yu-Ming Chen holds a master degree in mechanical engineering and has 15 years experience in canned food and aseptic process.
- He is duty-director at the Food Industry Research and Development Institute(FIRDI -Taiwan). He offers food factory construction and design audits for in-use and new aseptic equipment with a focus on hygienic design, microbiological safety and cleanability. His research focuses on smart manufacturing and carbon reduction technology in food processing.
- Yu-Ming Chen organizes seminars and offers training in basic and advanced hygienic design. These courses are tailored for food producers, equipment manufacturers and other stakeholders and are based on the regional regulations, standards EN 1672-2 and EN ISO 14159, the EHEDG Guidelines and the other relevant international documents. He is a member of the EHEDG Subgroups 'Training & Education' and 'Test Methods' and is the accounting secretary of the Taiwan Regional Section of EHEDG.
