STRUCTURE

A well-balanced membership with global coverage

A fully-transparent, non- profit organisation

- Funded by strongly committed members
- Relying upon voluntary contribution and active involvement
- Attractive for large and small companies

What are our objectives?

To provide guidance on hygienic design and engineering to ensure food safety and quality

To offer a platform for the food industry to discuss issues on hygienic design

To develop science-based guideline documents on hygienic design requirements and practices to facilitate compliance to legislation

To maintain a transparent and unambiguous certification-scheme for hygienic equipment

To identify areas where hygienic-design knowledge is insufficient and to initiate and promote research and development in those areas
