

Authorised Trainer

Martin Barnickel

Martin Barnickel studied agricultural sciences at the Technical University Munich in Weihenstephan with a focus on dairy technology and processing.

He has been working for the Lehr-, Versuchs- und Fachzentrum für Molkereiwirtschaft (Training, Test and Competence Center for Dairy Systems) in Kempten/Germany since 1991.

Martin Barnickel is a trainer and teacher for dairy managers and technicians. Further, he develops and designs test equipment and is working on plant engineering and design as a chief project manager.

He is also a seminar lecturer, author of expert and scientific literature and offers consultancy services.
